## Core Competencies

Intergrated Construction Management, Inc (ICMI) assists the Government and Department of Defense in their missions to deter war and to protect the security of our country by providing the infrastructure and facilities required to support U.S. forces and personnel. ICMI does that by providing the following:

- First rate construction services in the areas of **General Contracting, Construction Management and Design-Build**
- Sound **financial stability** with the **bonding** (\$40M) and resources required to perform multiple contracts simultaneously, throughout the nation
- A simple business philosophy: **A quality end product at a fair and reasonable price**
- **100% commitment** to safely complete all projects on time, on budget, onscope
- **Proven success** working with operational constraints – no mission compromise!
